

# Car Buyers Tips and Checklist

Shopping for a used car can be time-consuming and, at times, unnerving.

**When buying a used car you need to take your rose-coloured glasses off and get a little street-wise. Get to know what you're buying!**

**We offer free of charge valuation ensuring you buy your car at the right price.**

**We HPI check the car for you.**

The price you should be paying for a used car can be confusing. Do your research so you have the confidence to assess whether the car you're shopping for is a bargain or not.

The implications of not getting a full background check before you buy could leave you feeling ripped off and heart-broken.
